

Stefania LANEVE

IULM University

Stefania Laneve earned her Master's Degree with honours in International Relations and Diplomatic Affairs at University of Bologna – Forlì Campus, discussing a thesis on the development of the European space cooperation and the EU space policy. During her studies, she took part to the Erasmus+ programme, spending periods abroad, first in Strasbourg at Sciences Po and then in Louvain-la-Neuve at UCL.

She also took part as EU Junior Expert in the educational and informative activities of “Punto Europa” of Forlì. Having been awarded a bursary, she conducted a curricular internship at the Emilia-Romagna Delegation to the EU in Brussels, where she strengthened her background in European Affairs. After her graduation, she carried out a post-degree internship at the Municipality of Forlì developing specific knowledge and competencies in the management of European projects. In this context, she assisted in managing and monitoring the activities related to two EU projects: Shaping Fair cities financed by the DEAR programme and Come In financed by URBACT programme.
